Hideaway® HSA 402

Tilt-Up HSA - Hideaway Surface Access Enclosure with Dual Power and Data Connections

Closed View

Shown with optional AAPs

DESCRIPTION

The Extron **Hideaway® HSA 402** is a tilt-up, architectural solution for inconspicuous computer-video interface connector access and control. The Hideaway HSA 402 enclosure is designed for easy mounting into virtually any table surface. The durable and reliable enclosure is very compact, which keeps installation time and effort at a minimum. Once installed, the HSA 402 fits flush with the tabletop, storing the connectors out of sight. To access the connectors, users press down on the top of the enclosure. Pressing down releases a mechanical latch and the Hideaway HSA 402 slowly pivots into view, presenting the connectors at an ergonomic 49-degree angle to the tabletop.

FEATURES

- **Durable pneumatic movement and latching mechanism**
- **Compact size with rectangular bezel**
- **Top surface available in black anodized or brushed aluminum finishes**
- **AC power outlets available for US, Europe, and other major world markets**
- **Available Universal AC outlet is compatible with a variety of AC plug types including UK, 2-Pin Europlug, Italy, Denmark, and India***
- **UL/c-UL listed and CE compliant**

Note: *For complete compatibility information on all AC plug types, see the Universal AC Outlet Compatibility Guide, available online at www.extron.com/UACguide.

AAP - Architectural Adapter Plates are shown in the photos and diagrams above as examples only. AAPs are optional accessories for the HSA products and must be ordered separately.
